Your Vision, Our Future

MICROCASSETTE RECORDER  
**PearlCorder™**

## Power in Your Pocket

### J500

This affordably priced recorder is not only slim, stylish and very compact, but it also features the convenience of Cue Mark indexing. By inserting Cue Marks, you can quickly access your recordings during playback, and save time when transcribing. The 3-LED battery indicator lets you keep a constant check on power levels.

- VCVA (Variable Control Voice Actuator)
- Automatic recording level control system
- Cue mark (Index)
- Fast play
- Tape counter
- Combined external microphone and earphone jack
- 3-LED battery indicator

#### J500 Deluxe Kit including

- Microcassette XB-60,
- tie-clip microphone,
- earphones,
- handstrap,
- leathercase and batteries.

## Ultracompact Style

### J300

A smart, ultracompact and lightweight addition to our PearlCorder line. The J300 boasts VCVA (Variable Control Voice Actuator) and automatic recording level control systems, as well as Fast Play and Quick Review capability. It's an ideal choice if you're looking for all-round recording performance in a handy, easy-to-carry size.

- VCVA (Variable Control Voice Actuator)
- Automatic recording level control system
- Fast play
- Tape counter
- Combined external microphone and earphone jack

## Record all Details

### S725

During long meetings and technical seminars, you can count on the S725. It's got a VCVA (Variable Control Voice Actuator) system, and auto reverse capability that lets you record up to three hours on a single XZ-90 microcassette. What's more, it's equipped with a convenient tape counter, plus external microphone and remote control jacks that ensure maximum versatility.

- Auto reverse
- VCVA (Variable Control Voice Actuator)
- Tape counter
- LED indicator
- Fast play
- Pause
- Remote control jack
- Available in silver or black

#### S725 Gift Pack including

- Microcassette XB-60,
- multipurpose adapter TP6,
- case and batteries.

## Collect Your Thoughts

### S723

This sleek auto-reverse PearlCorder gives you the choice of using batteries or AC power. It also has a tape-saving VCVA (Variable Control Voice Actuator) system, and a convenient fast play function that lets you review your audio notes quickly. For performance and value, the S723 always gets high marks.

- Auto reverse
- VCVA (Variable Control Voice Actuator)
- LED indicator
- Fast play
- Pause

## Capture those Fleeting Ideas

### S713

Whether you're at work or on vacation, this affordable little PearlCorder offers the hands-free convenience of VCVA (Variable Control Voice Actuator) recording, as well as an earphone jack for private playback. In the office, you can note your thoughts without fumbling for a pen and paper, and outdoors you can record your observations without taking your eyes off the trail. A gift pack is also available.

- VCVA (Variable Control Voice Actuator)
- Tape counter
- LED indicator
- Fast play
- Pause

#### S713 Gift Pack including

- Microcassette XB-60,
- multipurpose adapter TP6,
- case and batteries.

## Electronic Pen and Paper

### S701

Weighing just 160g the S701 is amazingly compact, light and robust, ideal for school and university. When taking it along, even if the concentration fades after a long day, the S701 continues to record every word. With the Pause button interruptions can be skipped. So if a recording of a meeting or a lesson is desired the S701 is the perfect choice.

- Pause switch
- Review facility
- Earphone jack
- Available in blue or black

## The Art of Business

### S830

The S830 is a sleek business tool that lets you dictate letters and memos wherever you are. It's ultra-compact and light-weight, and ready to travel anywhere at a moment's notice. It's like having a round-the-clock personal assistant to help you take care of important correspondence when you're out of the office.

- Fingertip control slide switch
- Tape counter
- LED indicator
- Review facility

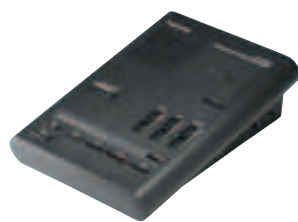

## The PA's Personal Assistant

### DT 1000

The DT1000 is equipped with a range of features designed to make office life easier – for everyone. Tape speed can be adjusted within a range of -15%~+30% to suit the speaker's – and the transcriber's – pace. A monitor speaker in the clutter-free micro-phone/hand controller unit simplifies recording checks in conference situations, and the three-pedal foot switch has an adjustable auto backspace function.

- Tape speed control
- Quick erase
- Three-pedal foot switch
- Adjustable auto backspace
- Hand controller w/built-in microphone & monitor speaker
- Optional telephone recording pickup
